<p>Course listings for exchange students</p>	<p>Students have access to a wide range of disciplines. For an active listing of courses, please see our online schedule of coursework: https://sis.rutgers.edu/soc/</p> <p>Students will be allowed to register based on completion of the necessary prerequisites. Some courses are subject to departmental evaluation.</p>
<p>Course Selection and Scheduling</p>	<p><i>Key points to consider –</i></p> <p>Students must be able to demonstrate completion of all necessary pre-requisites to be enrolled in a course. This most often is evaluated based on successful completion on an academic transcript. In some cases, syllabi of the prerequisite course will be needed to better understand a student’s background and preparation. <i>Areas this is particularly important, but not limited to – Business, Mathematics, Statistics, Engineering, Computer Science, and all hard Sciences.</i></p> <p>Students should anticipate enrolling in a variety of courses during their time of study at Rutgers. A typical course load would be 2 to 3 course in a student’s major / intended area of study, with 2 to 3 courses that support a student’s general studies or serve as degree requirements.</p> <p>While possible, students should not plan to take 4 course in their major, primary field of study, or single discipline.</p> <p>No course listed in the Schedule of Classes is guaranteed to be offered each semester, nor do we guarantee space/availability at the time of exchange student enrollment.</p>
<p>Courses/departments not open to exchange students</p>	<p>Studio Art, Drama, Dance, Pharmacy, and Graduate courses are restricted</p> <p>Business courses, Compututer Science, Communications, Information Technology, Film, and Photography are not guarenteed and may be limited based on preqesities and availability at the time of enrollment. Exchnage students are enrolled at the end of the registration period, thus courses offered may not be OPEN or available for registration.</p>
<p>Full time credit / workload – for one semester and for full year</p>	<p>12 credits (typically 4 classes) is considered full-time for each semester. Exchange Students most often take between 12 and 15 credits.</p>
