ACADEMIC PROGRAM GUIDE

Levels of Study	Undergraduate and Graduate
Language of Instruction	Japanese or English

English-taught Undergraduate Departments

Faculty of Liberal Arts (FLA)	Department of Liberal Arts
	Centered around courses in Comparative Culture, International Business and Economics, and Social Studies, the broad interdisciplinary curriculum of the Faculty of Liberal Arts (FLA) is designed to extend the general knowledge of students while developing their critical thinking ability. A wide range of courses that are focused on Japan help students gain an understanding of both present-day Japan and its traditions in a global context. Website: http://www.fla.sophia.ac.jp/
Faculty of Science and Technology (FST)	Department of Materials and Life Sciences - Green Science Program
	The Green Science program is designed to provide a fundamental knowledge of substances, and to resolve environmental issues at the atomic and molecular levels based on green material sciences. Website: http://www.st.sophia.ac.jp/english/about-us/index.html
	Department of Engineering and Applied Sciences - Green Engineering Program
	The Green Engineering program is designed to provide electrical and mechanical engineering skills that will lead to the further development of energy-conservation technologies, efficient power generation, transmission and distribution. Website: http://www.st.sophia.ac.jp/english/about-us/index.html

English-Taught Graduate Programs

Global Studies (GPGS)	The Graduate Program in Global Studies emphasizes inquiry into the contemporary world and its historical antecedents by combining the interdisciplinary themes of global studies, theories and the methods of academic disciplines, and cross-cultural understandings of Japanese and area studies. It has three MA degrees - Global Studies, International Business and Development Studies, and Japanese Studies - each with its own specialized curriculum. Graduate exchange students are welcome to take content courses that are consistent with their graduate degree and for which they have sufficient background. Website: http://gpgs.fla.sophia.ac.jp/
Global Environmental Studies (GES)	The curriculum covers three fields: Economics and Business Administration for the Environment, Law and Policies, Sociology for the Environment, and Science and Engineering for the Environment. One of the strategies of this program is to enhance the capacity of students to contribute to the solving of current environmental issues by offering them a wide variety of practical and discipline-specific programs. Website: http://www.genv.sophia.ac.jp/english/index.html
Green Science and Engineering	Green Science and Engineering places an emphasis on environment- and sustainability-related studies, which are of paramount importance to the future of mankind. To foster cross-disciplinary education, faculty members drawn from all the other eight divisions(see details from website) are involved in the teaching. Website: http://www.st.sophia.ac.jp/english/graduate-studies/index.html
Linguistics <TESOL>	Program in Linguistics (TESOL) provides courses with an emphasis on both theory and practice. The faculty members represent a diverse spectrum of applied linguistics and language education, ensuring a comprehensive program for all who are interested in teaching English as a second or foreign language.
